**General:** Electrical work shall not be started until the application for permit has been filed with Flushing Township. All installations shall be in conformance with the Michigan Electrical Code. **No work shall be concealed until it has been inspected.** The telephone number for the inspection is provided on the permit form. When ready for an inspection, call the inspection line, providing as much advance notice as possible. Please leave the permit number and address when calling the inspection line.

**Expiration of Permit:** A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within six months after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. **A permit will be closed when no inspections are requested and conducted within six months of the date of issuance or the date of a previous inspection. Closed permits cannot be refunded. A fee may be charged to re-open a closed permit.**
